GIT community is aware of the fact that prevention and prohibition of ragging in institutions imparting higher education in the country is a great concern of all authorities including the law enforcing agencies. Regulations have been framed by various apex bodies of higher education in the country in order to root out ragging in all its forms in the Universities and its affiliated colleges across the country. In this context, as per the directions of Hon'ble Supreme Court it is mandatory for the college to implement the following.

- The punishment must be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents and exhibits the zero tolerance against the act of ragging.
- Every single incident of ragging where the victim or his parent/guardian or the Head of Institution is not satisfied with the institutional arrangement for action, a First Information Report (FIR) must be filled without exception by the institutional authorities with the local police authorities. Any failure on the part of the institutional authority, or negligence, or deliberate delay in lodging the FIR with the local police shall be construed to be an act of culpable negligence on the part of the authorities by the Courts. All efforts should be made to ensure that cases involving ragging are taken

up on priority basis to send the message that ragging is not only to be discouraged but also to be dealt with sternness.

Hence, it is emphasized that ragging of and among students of GIT in any form at any place will not be tolerated, and it is banned. For this purpose, the following activities and / or actions shall be construed as the forms of ragging.
